

CREATIVE CONNECTIONS

Speaking through the language of music

Saturday 28th and Sunday 29th November

Join us for a Zoom session with music therapist Chiara Clear.

This free event for 7 – 17 year olds enables kids to meet other young people who have also experienced the loss of a sibling. Music is a powerful tool that connects us in meaningful ways to each other and helps us articulate hard to express feelings. In association with Bereaved Children's Awareness

Week, this event recognises that children do not forget and being silent does not erase the past. Join us in a professionally facilitated creative session where we have fun in music making, song writing and lyric analysis. Register for this free event on [Eventbrite](#).

#CreativeConnections
Inspire. Discover. Laugh.

Jacinta's Smile is a sibling bereavement organisation committed to supporting grieving siblings. We provide subsidised therapy and ongoing support to children and young people that have lost a sibling.
